PROXY STATEMENT

INTRODUCTION

The enclosed proxy is solicited on behalf of the board of directors of Vector Group Ltd., a Delaware corporation (the "Company"). The proxy is solicited for use at the annual meeting of stockholders to be held at the Miami Tower, 100 S.E. Second Street, 19th Floor Auditorium, Miami, Florida 33131 on Friday, June 11, 2010, at 11:00 a.m., and at any postponement or adjournment. The Company's offices are located at 100 S.E. Second Street, 32nd Floor, Miami, Florida 33131, and its telephone number is (305) 579-8000.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Every holder of record of Common Stock of the Company at the close of business on April 15, 2010 is entitled to notice of the meeting and any adjournments or postponements and to vote, in person or by proxy, one vote for each share of Common Stock held by such holder. At the record date, the Company had outstanding 71,272,731 shares of Common Stock. This proxy statement, accompanying notice and proxy and the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 are first being mailed to stockholders on or about April 21, 2010.

Any stockholder giving a proxy has the power to revoke the proxy prior to its exercise. A proxy can be revoked by an instrument of revocation delivered at or prior to the annual meeting to Marc N. Bell, the secretary of the Company, by a duly executed proxy bearing a date or time later than the date or time of the proxy being revoked, or at the annual meeting if the stockholder is present and elects to vote in person. Mere attendance at the annual meeting will not serve to revoke a proxy. A stockholder whose shares are held in a brokerage or bank account will need to obtain a legal proxy from the broker, bank or other intermediary in order to vote at the meeting.

All proxies received and not revoked will be voted as directed. If no directions are specified, proxies which have been signed and returned will be voted **"FOR"** the election of the board's nominees and **"FOR"** the ratification of PricewaterhouseCoopers LLP as the Company's independent registered certified public accounting firm. Provided a quorum is present at the meeting, the nominees receiving a majority of the votes cast by holders of Common Stock voting in person or by proxy at the meeting will be elected as directors. The proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered certified public accounting firm will require approval of a majority of the votes cast. A New York Stock Exchange member broker who holds shares in street name for a customer has the authority to vote shares held on behalf of that customer on Proposal No. 2 to ratify the Company's independent registered certified public accounting firm even if the broker does not receive instructions from the customer. However, effective this year, New York Stock Exchange rules no longer permit member brokers who do not receive instructions from customers who hold their shares in street name to vote on Proposal No. 1 to elect directors. Abstentions and shares held of record by a broker or its nominee that are voted on any matter are included in determining the number of votes present for quorum purposes. Broker shares that are registered as being present at the meeting but are not voted, or a "broker non-vote", on any matter will be included in determining whether a quorum is present.

Board of Directors and Committees

The board of directors, which held eight meetings in 2009, currently has seven members. Each director attended at least 75% of the aggregate number of meetings of the board and of each committee, which the director served as a member, during such period. To ensure free and open discussion and communication among the independent directors of the board, the independent directors meet in executive sessions periodically, with no members of management present. The chair of the corporate governance and nominating committee presides at the executive sessions.

The Company's Corporate Governance Guidelines provide that the board shall be free to choose its chair in any way it deems best for the Company at any time. The board believes that it is desirable to have the flexibility to decide whether the roles of Chairman of the Board and Chief Executive Officer should be combined or separate in light of the Company's circumstances from time to time. The roles of Chief Executive Officer and Chairman of the Board are presently held by two different directors. The Chief Executive Officer is responsible for setting the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer, reviews the agenda for board meetings and presides over meetings of the full board.

The board of directors oversees the risks that could affect the Company through its committees and reports of officers responsible for particular risks within the Company.

The board of directors has four committees established in accordance with the Company's bylaws: the executive committee, audit committee, compensation committee, and corporate governance and nominating committee. The board has determined that four of the Company's non-employee directors (Henry C. Beinstein, Robert J. Eide, Jeffrey S. Podell and Jean E. Sharpe) have no material relationship with the Company and meet the New York Stock Exchange listing standards for independence. Each of the members of the audit committee,

compensation committee, and corporate governance and nominating committee meets the New York Stock Exchange listing standards for independence.

The executive committee, whose members are presently Messrs. LeBow, chairman, Lorber and Eide, did not meet in 2009. The executive committee exercises, in the intervals between meetings of the board, all the powers of the board in the management and affairs of the Company, except for matters expressly reserved by law for board action.

The audit committee, whose members are presently Messrs. Beinstein, chairman, Eide and Podell and Ms. Sharpe, met ten times in 2009. The committee is governed by a written charter which requires that it discuss policies and guidelines to govern the process by which risk assessment and risk management are handled and that it meet periodically with management to review and assess the Company's major financial risk exposures and the manner in which such risks are being monitored and controlled. Accordingly, in addition to its other duties, the audit committee periodically reviews the Company's risk assessment and management, including in the areas of legal compliance, internal auditing and financial controls. In this role, the audit committee considers the nature of the material risks the Company faces, and the adequacy of the Company's policies and procedures designed to respond to and mitigate these risks and receives reports from management and other advisors. Although the board's primary risk oversight has been assigned to the audit committee, the full board also receives regular reports from members of senior management on areas of material risk to the Company, including operational, financial, competitive and legal risks. In addition to an ongoing compliance program, the board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations. The Company's board of directors and its audit committee regularly discuss with management the Company's major risk exposures, their potential financial impact on the Company, and the steps (both short-term and long-term) the Company takes to manage them. The audit committee oversees the Company's financial statements, system of internal controls, and auditing, accounting and financial reporting processes and risks related thereto; the audit committee appoints, compensates, evaluates and, where appropriate, replaces the Company's independent accountants; reviews annually the audit committee charter; and reviews and pre-approves audit and permissible non-audit services. See "Audit Committee Report". Each of the members of the audit committee is financially literate as required of audit committee members by the New York Stock Exchange and independent as defined by the rules of the Securities and Exchange Commission. The board of directors has determined that Mr. Beinstein is an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission.

The compensation committee, whose members in 2009 included Mr. Eide (until March 9, 2009), Messrs. Podell and Beinstein, and Ms. Sharpe (effective March 9, 2009) met seven times in 2009. Effective March 9, 2009, Mr. Eide resigned from the compensation committee, Mr. Podell was appointed chairman of the committee, and Ms. Sharpe was appointed as a member of the committee. The committee is governed by a written charter. The compensation committee is responsible for risks relating to employment policies and the Company's compensation and benefits systems. To aid the compensation committee with its responsibilities, the compensation committee retains an independent consultant, as necessary, to understand the implications of compensation decisions being made. The compensation committee reviews, approves and administers management compensation and executive compensation plans. The compensation committee also administers the Company's 1998 Long-Term Incentive Plan, the Amended and Restated 1999 Long-Term Incentive Plan and the Senior Executive Annual Bonus Plan. See "Compensation Discussion and Analysis" on page 9. In March 2009, the compensation committee formed a Performance-Based Compensation Subcommittee ("Subcommittee"), consisting of Messrs. Beinstein and Podell, and delegated to the Subcommittee the authority to grant compensation to executive officers that is intended to qualify as "performance-based compensation" exempt from the \$1 million deduction limitation of Section 162(m) of the Internal Revenue Code.

The corporate governance and nominating committee, whose members are presently Ms. Sharpe, chair, and Messrs. Eide and Beinstein, met twice in 2009. The committee is governed by a written charter. This committee is responsible for the oversight of risks relating to the management and board succession planning. The committee assists the board of directors in identifying individuals qualified to become board members and recommends to the board the nominees for election as directors at the next annual meeting of stockholders, develops and recommends to the board the corporate governance guidelines applicable to the Company, and oversees the evaluation of the

board and management. In recommending candidates for the board, the committee takes into consideration the following criteria established by the board in the Company's corporate governance guidelines:

- personal qualities and characteristics, accomplishments and reputation in the business community;
- current knowledge and contacts in the communities in which the Company does business and in the Company's industry or other industries relevant to the Company's business;
- ability and willingness to commit adequate time to board and committee matters;
- the fit of the individual's skills and personality with those of other directors and potential directors in building a board that is effective, collegial and responsive to the needs of the Company; and
- diversity of viewpoints, background, experience and other demographics.

The committee also considers such other factors as it deems appropriate, including judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other board members, and the extent to which the candidate would be a desirable addition to the board and any committees of the board. The committee does not assign specific weights to particular criteria and no particular criteria is necessarily applicable to all nominees. The Company believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities. The committee will consider nominees recommended by stockholders, which nominations should be submitted by directing an appropriate letter and resume to Marc N. Bell, the secretary of the Company, 100 S.E. Second Street, 32nd Floor, Miami, Florida 33131. If the Company were to receive recommendations of candidates from the Company's stockholders, the committee would consider such recommendations in the same manner as all other candidates.

Corporate Governance Materials

The Company's corporate governance guidelines, code of business conduct and ethics and current copies of the charters of the Company's audit committee, compensation committee, and corporate governance and nominating committee are all available in the investor relations section of the Company's website (www.vectorgrouppltd.com/invest.asp) and are also available in print to any stockholder who requests it.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Objectives

The primary objectives of the compensation committee of the board of directors with respect to executive compensation are:

- to base management's pay, in part, on achievement of the Company's goals;
- to provide incentives to enhance stockholder value;
- to provide competitive levels of compensation;
- to recognize individual initiative and achievement; and
- to assist the Company in attracting talented executives to a challenging and demanding environment and to retain such executives for the benefit of the Company and its subsidiaries.

The Company attempts to achieve these objectives through its compensation plans that tie a substantial portion of the executives' overall compensation to the Company's financial performance. While the compensation of the Company's executives is largely the result of negotiated agreements, which are reviewed annually, the Company's compensation philosophy is intended to reward its executives with competitive compensation, while rewarding outstanding performance with above-average total compensation.

Independent compensation consultants may be retained from time to time for advice and guidance in assessing whether our compensation program is reasonable and competitive. In connection with the employment agreements entered into with Mr. Lorber, the Company's President and Chief Executive Officer, and Ronald J. Bernstein, President and Chief Executive of the Company's Liggett and Liggett Vector Brands subsidiaries, in 2006 and 2005, respectively, the compensation committee engaged the services of GK Partners as consultants. Based on the opinion of GK Partners with respect to Mr. Lorber's and Mr. Bernstein's compensation provided for in their employment agreements at that time, the compensation committee believes that the compensation of Mr. Lorber and Mr. Bernstein was reasonable and competitive with the compensation of similarly situated executives at such time. During 2008, the compensation committee engaged GK Partners in connection with an amendment to the Company's Supplemental Retirement Plan, which increased Mr. Lorber's benefits thereunder. See "Supplemental Retirement Plan" on page 19. During 2009, the compensation committee engaged GK Partners in connection with the restricted stock grant awarded to Mr. Lorber and option grants to Messrs. Lorber, Lampen, Kirkland and Bell. See "Equity Compensation" on page 12.

Compensation arrangements, as reflected in the employment agreements with the Company's executive officers, are usually negotiated on an individual basis between the Chief Executive Officer and each of the other executives. While the compensation committee has delegated to the Chief Executive Officer the responsibility of negotiating these employment agreements and his input is given significant consideration by the compensation committee, the compensation committee and the board have final authority over all compensation matters.

Compensation Components

The key components of the Company's executive compensation program consist of a base salary, an annual performance-based bonus pursuant to the Senior Executive Annual Bonus Plan, the 1999 Amended and Restated Long-Term Incentive Plan (the "1999 Plan") and various benefits, including the Company's Supplemental Retirement Plan, the Liggett Vector Brands Inc. 401(k) plan and the use of corporate aircraft by the President and Chief Executive Officer. The employment agreements with the Company's named executive officers also provide for severance compensation in the event of termination other than for cause during the term of the agreement or, in certain cases, following a change in control during the term of the agreements.

Base Salary

Base salaries for the Company's named executive officers are established based on their overall business experience and managerial competence in their respective executive roles, as well as their personal contributions to the Company and are intended to provide a competitive level of fixed compensation. The compensation committee believes that executive base salaries should be targeted at competitive levels while rewarding outstanding performance with above-average total compensation. Base salaries are reviewed annually, based on recommendations by the Company's Chief Executive Officer with respect to the salaries of executive officers other than himself, and may be increased from time to time based on review of Company and individual executive performance. Automatic cost of living adjustments to base salary are included under the terms of the employment agreements of Messrs. Lorber and Bernstein.

Effective January 1, 2009, as a result of the cost of living provision, the base salary of Mr. Lorber was increased to \$2,807,729. Mr. Bernstein's salary was not increased after he waived his contractual cost-of-living increase of \$6,189. In March 2009, as part of the annual compensation review process, the compensation committee increased Mr. Lampen's base salary from \$750,000 to \$800,000, effective January 1, 2009. The salaries and target bonus opportunities of the other named executive officers were not changed.

Effective January 1, 2010, as a result of the cost of living provision, the base salary of Mr. Lorber was increased to \$2,873,149 and the base salary of Mr. Bernstein was increased to \$853,450. The compensation committee did not adjust the salaries or target bonus opportunities of the other named executive officers in February 2010 as part of the annual compensation review process.

Annual Bonus Plan

The Company's executive officers are eligible to participate in the Senior Executive Annual Bonus Plan (the "Bonus Plan"), which was adopted by the board of directors in January 2006 and approved by the Company's

stockholders in May 2006. Under the Bonus Plan, unless another committee is designated by the Board, the compensation committee selects participants in the Bonus Plan, determines the amount of their award opportunities, selects the performance criteria and the performance goals for each year and administers and interprets the Bonus Plan. An eligible executive may (but need not) be selected to participate in the Bonus Plan each year. In March 2009, the compensation committee formed the Subcommittee, consisting of Messrs. Beinstein and Podell, and delegated to the Subcommittee the authority to grant compensation to executive officers under the Bonus Plan that is intended to qualify as “performance-based compensation” exempt from the \$1 million deduction limitation of Section 162(m) of the Internal Revenue Code.

In 2009, each of the Company’s named executive officers participated in the Bonus Plan. The Bonus Plan performance criteria for 2009 varied among the participants depending upon the entity that employed the participant. For Messrs. Lorber, Lampen, Kirkland and Bell, the criteria were based 37.5% on adjusted earnings before interest and taxes, or Adjusted EBIT, for Liggett, 37.5% on cash distributions to stockholders of the Company and 25% on adjusted earnings before interest, taxes and amortization, or Adjusted EBITA, for Douglas Elliman Realty, LLC. For Mr. Bernstein, the criteria were based 90% on adjusted EBIT for Liggett and 10% on Adjusted EBIT of Vector Tobacco Inc. These measures were chosen because Adjusted EBIT is commonly used as a measure of performance in the tobacco industry and Adjusted EBITA is commonly used to measure performance in the real estate brokerage industry and are, in each case, the drivers of the business and stockholder value in those industries. Under the terms of their respective employment agreements, for 2009, Messrs. Lorber, Lampen, Kirkland, Bell and Bernstein were eligible to receive a target bonus of 100%, 33%, 25%, 25% and 50% of their respective base salaries. Depending on the level of achievement of the performance criteria, the actual amounts of incentive bonuses could also exceed the target bonus amounts. The Committee may exercise negative discretion with respect to any award to reduce any amount that would otherwise be payable under the Bonus Plan.

In 2009, the performance goals for Messrs. Lorber, Lampen, Kirkland, Bell and Bernstein were set at levels which were believed to be reasonably achievable based on internal corporate plans. For Messrs. Lorber, Lampen, Kirkland and Bell, the satisfaction of the performance criteria were as follows:

- percentages of target bonus based on Liggett Adjusted EBIT were \$123,750,000 (50%), \$148,250,000 (100%), and \$155,400,000 (125%); the actual Liggett Adjusted EBIT for 2009 were \$162,341,000;
- percentages of target bonus based on dividends per share of the Company were \$1.40 (50%), \$1.60 (100%), and \$1.80 and above (125%); the actual dividends paid in 2009 were \$1.60 per share; and,
- percentages of target bonus based on Douglas Elliman Adjusted EBITA were \$8,000,000 (50%), \$12,000,000 (100%), and \$15,000,000 and above (125%); the actual Douglas Elliman Adjusted EBITA for 2009 were \$25,193,000.

Based on the actual results of 2009 compared to the established performance criteria, bonuses equal to 115.625% of target bonus amounts were achieved for Messrs. Lorber, Lampen, Kirkland and Bell, and they were awarded bonuses of 115.625% of their respective target bonus amounts.

The minimum level of Liggett’s Adjusted EBIT and Vector Tobacco’s Adjusted EBIT were satisfied for Mr. Bernstein to be awarded a bonus. For Mr. Bernstein, the satisfaction of the performance criteria were as follows:

- percentages of target bonus based on Liggett Adjusted EBIT were \$148,250,000 (0%), \$158,250,000 (100.0%) and \$166,250,000 and above (200%); the actual Liggett Adjusted EBIT for 2009 were \$162,341,000; and,
- percentages of target bonus based on Vector Tobacco Adjusted EBIT were a loss of \$7,500,000 (33.3%), a loss of \$6,000,000 (100%), a loss of less than \$4,500,000 (200%); the actual Vector Tobacco Adjusted EBIT for 2009 were a loss of \$6,085,000.

Based on the actual results of 2009 compared to the established performance criteria, 145.64% of Mr. Bernstein’s target bonus was achieved, which is 72.82% of his base salary.

Bonus amounts for achieving performance criteria in between the amounts listed above are determined by linear interpolation between the higher and lower amounts. The actual performance-based bonus payments made to the

selected participants for the years ended December 31, 2007, 2008 and 2009 are set forth in the column labeled “Non-Equity Incentive Compensation” in the Summary Compensation Table on page 15.

Equity Compensation

Long-term equity compensation is intended to provide a variable pay opportunity that rewards long-term performance by the Company as a whole. For several years prior to 2009, no awards had been made, as the named executive officers had outstanding awards.

On April 7, 2009, the compensation committee awarded Mr. Lorber a restricted stock grant of 525,000 shares of the Company’s Common Stock under the 1999 Plan in order to provide him a meaningful incentive to remain with the Company and enhance its value beyond January 1, 2013 when he is eligible for full retirement. Under the terms of the award, one-fifth of the shares (105,000) will vest on September 15, 2010 and on each anniversary thereof through September 15, 2014. In the event Mr. Lorber’s employment with the Company is terminated for any reason other than his death, his disability or a change of control (as defined in his Restricted Share Agreement) of the Company, any remaining balance of the shares not previously vested will be forfeited by Mr. Lorber. The compensation committee noted that Mr. Lorber has not received a restricted stock award since a 2005 award which would be fully vested on September 15, 2009. The compensation committee consulted with GK Partners concerning the award and were advised that, in the consultant’s opinion, the award would be reasonable and appropriate in the context of current market practices.

On December 3, 2009, options to purchase shares of Common Stock were awarded to Messrs. Lorber, Lampen, Kirkland and Bell in order to recognize past and current performance, to serve as a means to incentivize and retain these key executives and to replace benefits (including the dividend equivalents described below) associated with the options that were exercised prior to expiration in October 2009. The Subcommittee also took into consideration the fact that Mr. Lorber had not received an option award since 2001 and that Messrs. Lampen, Kirkland and Bell had not received option awards since 1999 and determined that it was appropriate to grant awards for a number of shares which approximated in each case, the number of shares under the 1999 awards that were exercised earlier in the year. The Subcommittee consulted with GK Partners concerning the awards and were advised that, in the consultant’s opinion, the awards would be reasonable and appropriate in the context of current market practices.

Dividend Equivalents

Under the terms of various stock option grants made to the Company’s named executive officers under the Company’s stock plans, cash and stock dividend equivalent payments are made to the executive officers with respect to the shares of Common Stock underlying the unvested or unexercised portion of the options. These payments are made at the same rate as dividends paid on the Company’s issued and outstanding shares of Common Stock. Named executive officers received payments for such dividend equivalent rights on options for 2009 as follows: Mr. Lorber — \$1,849,157; Mr. Lampen — \$250,152; Mr. Kirkland — \$115,767; and Mr. Bell — \$125,076. In accordance with the rules of the SEC, these amounts have not been separately reported in the Summary Compensation Table because the value of the dividend equivalent rights was included in the initial grant date fair value of the underlying options grants which is reported in the table.

Supplemental Retirement Plan

The Company’s named executive officers and certain other management employees are eligible to participate in the Supplemental Retirement Plan, which was adopted by the board of directors in January 2002 to promote retention of key executives and to provide them with financial security following retirement. As described more fully and quantified in the Pension Benefits table on page 19, the Supplemental Retirement Plan provides for the payment to a participant at his normal retirement date of a lump sum amount that is the actuarial equivalent of a single life annuity commencing on that date. The single life annuity amounts for the named executives were determined by the Company’s board of directors giving consideration to a variety of pertinent factors including (but not limited to) the executive’s level of annual compensation.

Other Benefits

The Company’s executive officers are eligible to participate in all of its employee benefit plans, such as medical, dental, vision, group life, disability and accidental death and dismemberment insurance and Liggett Vector

Brands 401(k) plan. These benefits are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death. The Company also provides vacation and other paid holidays to its executive officers, as well as certain other perquisites further described below and in the Summary Compensation Table. Finally, the Company's executive officers are eligible to receive certain payments upon retirement pursuant to the Supplemental Retirement Plan.

Perquisites

The Company provides the perquisites or personal benefits to its named executive officers discussed below. The Company's corporate aircraft are made available for the personal use of Mr. Lorber and other executive officers at Mr. Lorber's discretion. The Company's corporate aircraft policy permits personal use of corporate aircraft by executives, subject to an annual limit of \$200,000 for personal use by Mr. Lorber. For purposes of determining the amounts allowable under the policy, the value of the personal usage is calculated using the applicable standard industry fare level formula established by the Internal Revenue Service (as distinguished from the incremental cost used for determining the value included in the Summary Compensation Table), and Mr. Lorber and any other executive officers pay income tax on such value. In addition, Mr. Lorber is entitled to a car and driver provided by the Company, a \$7,500 per month allowance for lodging and related business expenses and two club memberships. See the Summary Compensation Table for details regarding the value of perquisites received by the named executive officers.

Change in Control Provisions

The employment agreement entered into between the Company and Mr. Lorber contains change in control provisions. The purpose of these provisions is to avoid the distraction and loss of key management personnel that may occur in connection with rumored or actual corporate transactions and/or other fundamental corporate changes and to provide adequate protection to key management personnel in the event that their employment is terminated following a change of control. A change in control provision protects stockholder interests by enhancing employee focus during rumored or actual change in control activity through incentives to remain with the Company despite uncertainties while a transaction is under consideration or pending and assurance of severance and benefits for terminated executives. A detailed summary of these provisions is set forth under the heading "Payments Made Upon a Change in Control" on page 21.

Inter-Relationship of Elements of Compensation Packages

The various elements of the compensation package for the Company's executive officers are not directly inter-related. For example, if it does not appear as though the target bonus will be achieved, the number of options that will be granted is not affected. There is no significant interplay of the various elements of total compensation between each other. If options that are granted in one year become underwater due to a decrease in the Company's stock price, the amount of the bonus amount or compensation to be paid the executive officer for the next year is not impacted. Similarly, if options become extremely valuable due to a rising stock price, the amount of compensation or bonus to be awarded for the next year is not affected. However, the compensation committee does evaluate the total value of executive remuneration when making decisions with respect to any particular element thereof. While the compensation committee has discretion to make exceptions to any compensation or bonus payouts under the Bonus Plan, it did not approve any exceptions to the Bonus Plan with regard to any named executive officers in 2009.

Tax and Accounting Implications

Deductibility of Executive Compensation

The compensation committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which generally provides that no publicly held company may deduct compensation in excess of \$1,000,000 paid in any taxable year to its chief executive officer or any of its three other highest compensated officers (other than the Chief Financial Officer) at year-end unless:

- the compensation is payable solely on account of the attainment of performance goals;
- the performance goals are determined by a compensation committee of two or more outside directors;

- the material terms under which compensation is to be paid are disclosed to and approved by the stockholders of the Company; and
- the compensation committee certifies that the performance goals were met.

Determinations with respect to compensation intended to be deductible under Section 162(m) are made by the Subcommittee, which consists of Messrs. Podell and Beinstein. In certain situations, the compensation committee or the Subcommittee has in the past and may in the future approve compensation that will not meet these deductibility requirements in order to ensure appropriate and competitive levels of total compensation for the Company's executive officers. In this regard, for 2009, the amount of base salary and restricted stock in excess of \$1,000,000 paid to Mr. Lorber for 2009 was not deductible for federal income tax purposes under Section 162(m) of the Internal Revenue Code.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, the Company began accounting for stock-based payments including stock option and restricted stock awards under the Plans in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("FASB ASC Topic 718").

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management and, based on such review and discussion, has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Reflects actual base salary amounts paid for 2009, 2008 and 2007.
- (2) Represents the aggregate grant date fair value of grants of restricted stock or stock options granted under the 1999 Plan for the year ended December 31, 2009 as determined in accordance with FASB ASC Topic 718, rather than an amount paid to or realized by the named executive officer. Assumptions used in the calculation of such amount are included in note 11 to the Company's audited financial statements for the year ended December 31, 2009 included in its Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 1, 2010. The FASB ASC Topic 718 amounts from these grants may never be realized by the named executive officer.
- (3) These amounts reflect performance-based cash awards under the Bonus Plan paid during 2010, 2009 and 2008 in respect of service performed in 2009, 2008 and 2007, respectively. This plan is discussed in further detail on page 10 under the heading "Annual Bonus Plan".
- (4) Amounts shown are solely an estimate of the increase in actuarial present value of the named executive officer's accrued benefit at the later of age 60 during active service or the completion of eight years of full-time continuous service under the Company's pension plans. Assumptions are further described under the Pension Benefits at 2009 Fiscal Year End table on page 19. The amounts reflect the actuarial increase in the present value of the named executive officer's benefits under the Supplemental Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. No amount is payable from this plan before a participant attains the later of age 60 during active service or the completion of eight years of full-time continuous service (except in the case of death, disability or termination without cause). There can be no assurance that the amounts shown will ever be realized by the named executive officers. For Mr. Bernstein, the reported amount also includes \$4,000 in 2009 in connection with Liggett Group Inc. Retirement Plan for Salaried Non-Bargaining Unit Employees (the "Qualified Plan").
- (5) Represents \$109,822 for personal use of corporate aircraft, a \$90,000 allowance paid for lodging and related business expenses and \$7,350 for 401(k) plan matching contributions in 2009. For purposes of determining the value of corporate aircraft use, the personal use is calculated based on the aggregate incremental cost to the Company. For

flights on corporate aircraft, aggregate incremental cost is calculated based on a cost-per-flight-mile charge developed by a nationally recognized and independent service as reflective of the operating costs of the aircraft.

(6) Represents 401(k) plan matching contributions.

Employment Agreements and Severance Arrangements

On January 27, 2006, the Company and Howard M. Lorber entered into an Amended and Restated Employment Agreement (the “Amended Lorber Agreement”), which replaced his prior employment agreements with the Company and with New Valley Corporation. The Amended Lorber Agreement has an initial term of three years effective as of January 1, 2006, with an automatic one-year extension on each anniversary of the effective date unless notice of non-extension is given by either party within 60 days before this date. Mr. Lorber’s salary is subject to an annual cost of living adjustment. As of January 1, 2010, Mr. Lorber’s annual base salary was \$2,873,149. In addition, the Company’s board must periodically review his base salary and may increase but not decrease it from time to time in its sole discretion. Mr. Lorber is eligible on an annual basis to receive a target bonus of 100% of his base salary under the Bonus Plan. During the period of his employment, Mr. Lorber is entitled to various benefits, including a Company-provided car and driver, a \$7,500 per month allowance for lodging and related business expenses, two club memberships and dues, and use of corporate aircraft in accordance with the Company’s Corporate Aircraft Policy. Following termination of his employment by the Company without cause (as defined in the Amended Lorber Agreement), termination of his employment by him for certain reasons specified in the Amended Lorber Agreement or upon death or disability, he (or his beneficiary in the case of death) would continue to receive for a period of 36 months following the termination date his base salary and the bonus amount earned by him for the prior year (with such bonus amount limited to 100% of base salary). In addition, all of Mr. Lorber’s outstanding equity awards would be vested and any stock options granted after January 27, 2006 would continue to be exercisable for no less than two years or the remainder of the original term if shorter. Following termination of his employment for any of the reasons described above (other than death or disability) within two years of a change in control (as defined in the Amended Lorber Agreement), he would receive a lump sum payment equal to 2.99 times the sum of his then current base salary and the bonus amount earned by him for the prior year (with such bonus amount limited to 100% of base salary). In addition, Mr. Lorber is indemnified against excise taxes that are imposed on change-of-control payments under Section 4999 of the Internal Revenue Code of 1986. In the event of a termination of his employment under the circumstances where he is entitled to the severance payments discussed above, Mr. Lorber will also be credited with an additional 36 months of service towards vesting under the Company’s Supplemental Retirement Plan.

On January 27, 2006, the Company entered into Employment Agreements (the “Other Executive Agreements”) with Richard J. Lampen, the Company’s Executive Vice President, J. Bryant Kirkland III, the Company’s Vice President and, effective April 1, 2006, Chief Financial Officer, and Marc N. Bell, the Company’s Vice President, General Counsel and Secretary. The Other Executive Agreements replaced prior employment agreements with the Company or New Valley Corporation. The Other Executive Agreements have an initial term of two years effective as of January 1, 2006, with an automatic one-year extension on each anniversary of the effective date unless notice of non-extension is given by either party within 60 days before this date. As of January 1, 2009, the annual base salaries provided for in these Other Executive Agreements were \$800,000 for Mr. Lampen (increased from \$750,000 in February 2009, effective as of January 1, 2009), \$375,000 for Mr. Kirkland and \$400,000 for Mr. Bell. In addition, the Company’s board must periodically review these base salaries and may increase but not decrease them from time to time in its sole discretion. These executives are eligible to receive a target bonus of 33.3% for Mr. Lampen, and 25% for Messrs. Kirkland and Bell, of their base salaries under the Bonus Plan. Following termination of their employment by the Company without cause (as defined in the Other Executive Agreements), termination of their employment by the executives for certain reasons specified in the Other Executive Agreements or upon death or disability, they (or their beneficiaries in the case of death) would continue to receive for a period of 24 months following the termination date their base salary and the bonus amount earned by them for the prior year (with such bonus amount limited to 33.3% of base salary for Mr. Lampen and 25% of base salary for Messrs. Kirkland and Bell).

On November 11, 2005, Liggett, a wholly-owned subsidiary of the Company, and Ronald J. Bernstein entered into an Employment Agreement (the “Bernstein Employment Agreement”), pursuant to which Mr. Bernstein serves as President and Chief Executive Officer of Liggett and affiliated companies. The Bernstein Employment Agreement has an initial term expiring December 31, 2008, with an automatic one-year extension on each anniversary of the effective date unless notice of non-extension is given by either party within six months before this date. As of January 1, 2010, Mr. Bernstein’s annual base salary was \$853,450. Mr. Bernstein’s salary is subject to an annual cost of living adjustment. Under the terms of the Bernstein Employment Agreement, Mr. Bernstein is eligible on an annual basis to receive a bonus of up to 100% of his base salary under the Bonus Plan predicated on Liggett and Vector Tobacco meeting certain pre-established operating goals. Following termination of his employment without cause, he would continue to receive his base salary for a period of 24 months.

- (1) The amounts shown above represent the awards made under the Bonus Plan on February 23, 2009. Target levels are equal to 100% of base salary for Messrs. Lorber, 50% of base salary for Mr. Bernstein, 33.3% of base salary for Mr. Lampen and 25% of base salary for Messrs. Kirkland and Bell. The maximum amount is 125% of the target amount for Messrs. Lorber, Lampen, Kirkland and Bell and 200% of the target amount for Mr. Bernstein. There is no minimum amount. The compensation committee approved the performance criteria for determining the award opportunities for each named executive officer under the Bonus Plan. The actual bonus amounts earned for 2009 have been determined and paid in 2010 and are reflected in the “Non-Equity Incentive Plan Compensation” column in the Summary Compensation Table on page 15.
- (2) Under the terms of the award, one-fifth of the restricted stock award (105,000 shares) will vest on September 15, 2010 and on each anniversary thereof through September 15, 2014. In the event Mr. Lorber’s employment agreement with the Company is terminated for any reason other than his death, disability or a change in control (as defined in his Restricted Share Agreement) with the Company, any remaining balance of the shares not previously vested will be forfeited by Mr. Lorber. In connection with the award, Mr. Lorber paid the Company \$50,000, the amount of the par value of the shares.
- (3) Options granted in 2009 to the named executive officers were granted under the 1999 Plan, have a ten-year term and vest on the fourth anniversary of the date of grant. The holders are entitled to dividends at the rate paid on Common Stock. The exercise price of the options was the closing price of the Common Stock on the date of grant.

- (2) The market value of the restricted stock equals the number of shares of restricted stock multiplied by the closing price of the Common Stock on December 31, 2009, which was \$14.00 per share, and does not include the cash dividends accrued at December 31, 2009 of \$610,000 on non-vested shares payable upon vesting.
- (3) Option grants vest on December 3, 2013. See “Employment Agreements and Severance Arrangements” on page 16.

OPTION EXERCISES AND STOCK VESTED IN YEAR ENDED DECEMBER 31, 2009

The table below provides information with respect to the number of options or shares of restricted stock granted under the Plans to the named executive officers in previous years that were exercised or vested during 2009, as well as, in the case of option exercises, the market value of the Common Stock less the exercise price on the exercise date and, in the case of restricted stock awards, the market value of the stock on the vesting date.

See “Restricted Stock and Option Awards” on page 17.
- (2) Represents the difference between the exercise price and the market price of the Common Stock on the date of exercise for each option.

PENSION BENEFITS AT 2009 FISCAL YEAR END

The table below quantifies the benefits expected to be paid from the Company's Supplemental Retirement Plan and, in the case of Mr. Bernstein, also from Liggett's Qualified Plan. The terms of the plans are described below the table.

<u>Name</u>	<u>Plan Name</u>	<u>Number of Years of Credited Service (#)(1)</u>	<u>Present Value of Accumulated Benefit \$(2),(3)</u>	<u>Payments During Last Fiscal Year (\$)</u>
Howard M. Lorber	Supplemental Retirement Plan	8	\$11,403,567(4)	\$0
Richard J. Lampen	Supplemental Retirement Plan	6	\$ 1,259,518	\$0
J. Bryant Kirkland III	Supplemental Retirement Plan	6	\$ 237,084	\$0
Marc N. Bell	Supplemental Retirement Plan	6	\$ 400,759	\$0
Ronald J. Bernstein	Supplemental Retirement Plan	8	\$ 2,456,061	\$0
	Qualified Plan	2	\$ 42,100	\$0

- (1) Equals number of years of credited service as of December 31, 2009. Credited service under the Supplemental Retirement Plan is based on a named executive officer's period of full time continuous covered employment after commencing participation in the Supplemental Retirement Plan.
- (2) Represents actuarial present value in accordance with the same assumptions outlined in note 9 to the Company's audited financial statements for the year ended December 31, 2009 included in its Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 1, 2010.
- (3) Includes amounts which the named executive officer is not currently entitled to receive because such amounts are not vested.
- (4) Does not include \$6,054,868 related to an award that vests in January 2013 and will be recognized as an expense in the years ending December 31, 2010, 2011 and 2012.

Supplemental Retirement Plan

The Supplemental Retirement Plan provides for the payment to a participant at his normal retirement date of a lump sum amount that is the actuarial equivalent of a single life annuity commencing on that date. The "normal retirement date" under the Supplemental Retirement Plan is defined as the January 1st following attainment by a participant of the later age 60 or the completion of eight years of employment following January 1, 2002 (in the case of Messrs. Lorber and Bernstein) or January 1, 2004 (in the case of Messrs. Lampen, Kirkland and Bell).

The following table sets forth for each named executive officer his hypothetical single life annuity, his normal retirement date and his projected lump sum payment at his normal retirement date.

<u>Name</u>	<u>Hypothetical Single Life Annuity</u>	<u>Normal Retirement Date</u>	<u>Lump-Sum Equivalent</u>
Howard M. Lorber	\$1,051,875	January 1, 2010	\$10,855,666
	\$ 735,682	January 1, 2013	\$ 7,121,988
Richard J. Lampen	\$ 250,000	January 1, 2014	\$ 2,625,275
J. Bryant Kirkland III	\$ 202,500	January 1, 2026	\$ 2,126,473
Marc N. Bell	\$ 200,000	January 1, 2021	\$ 2,100,220
Ronald J. Bernstein	\$ 438,750	January 1, 2014	\$ 4,607,358

No benefits are payable under the Supplement Retirement Plan if a named executive officer resigns without good reason before attaining his normal retirement date. In the case of a participant who becomes disabled prior to his normal retirement date or whose service is terminated without cause, the participant's benefit consists of a pro-

rata portion of the full projected retirement benefit to which he would have been entitled had he remained employed through his normal retirement date, as actuarially discounted back to the date of payment. The beneficiary of a participant who dies while working for the Company or a subsidiary (and before becoming disabled or attaining his normal retirement date) will be paid an actuarially discounted equivalent of his projected retirement benefit; conversely, a participant who retires beyond his normal retirement date will receive an actuarially increased lump sum payment to reflect the delay in payment using a post-retirement interest rate of 7.5%. The lump sum amount under the Supplemental Retirement Plan is paid six months following the named executive officer's retirement on or after his normal retirement date or termination of employment without cause, along with interest at the prime lending rate as published in the Wall Street Journal on the lump sum amount for this six-month period.

In April 2008, the compensation committee of the board approved an amendment to the Supplemental Retirement Plan to provide Mr. Lorber with an additional benefit under the Supplemental Retirement Plan equal to a \$735,682 lifetime annuity beginning January 1, 2013. The compensation committee approved this amendment to provide an incentive for Mr. Lorber to remain with the Company past his current retirement date under the Supplemental Retirement Plan, which is January 1, 2010. This additional benefit vests in full on January 1, 2013, subject to Mr. Lorber remaining continuously employed by the Company through that date, subject to partial vesting for termination of employment under certain circumstances. In addition, in the event of a termination of Mr. Lorber's employment under the circumstances where he is entitled to severance payments under his employment agreement, Mr. Lorber will be credited with an additional 36 months of service towards vesting under the Supplemental Retirement Plan. See "Employment Agreements and Severance Arrangements" on page 16. As a result of the additional benefit granted to him, Mr. Lorber will be eligible to receive a total lump sum retirement benefit of \$20,607,948 in 2013, an increase of \$7,121,988 over the benefit he would have been entitled to receive under the Supplemental Retirement Plan prior to the amendment, assuming a January 1, 2013 retirement date.

In January 2006, the Company amended and restated the Supplemental Retirement Plan. The amendments to the Supplemental Retirement Plan were intended, among other things, to cause the plan to meet the applicable requirements of the "deferred compensation" provisions of Section 409A of the Internal Revenue Code. The Supplemental Retirement Plan is intended to be unfunded for tax purposes, and payments under the Supplemental Retirement Plan will be made out of the Company's general assets.

Qualified Plan

Liggett's salaried employees are entitled to benefits payable under the Qualified Plan based on a formula that yields an annual amount payable over the participant's life beginning at age 65. Liggett discontinued providing additional benefits under the Qualified Plan for service on and after January 1, 1994. As of December 31, 2009, none of the named executive officers was eligible to receive any benefits under the Qualified Plan, except for Mr. Bernstein who is entitled to a monthly benefit of \$372 at age 65.

Potential Termination and Change in Control Payments

The compensation payable to named executive officers upon voluntary termination, involuntary termination without cause, termination for cause, termination following a change in control and in the event of disability or death of the executive is described below.

Payments Made Upon Termination

Regardless of the manner in which a named executive officer's employment terminates, unless terminated for cause, he or she may be entitled to receive amounts earned during his or her term of employment. Such amounts include:

- unpaid base salary through the date of termination;
- any accrued and unused vacation pay;
- any unpaid award under the Plans or bonus under the Bonus Plan with respect to a completed performance period;

- all accrued and vested benefits under the Company’s compensation and benefit programs, including the pension plan and the Supplemental Retirement Plan; and
- with respect solely to Mr. Lorber, payment by the Company of a tax gross-up for any excise taxes and related income taxes on gross-ups for benefits received upon termination of employment.

Payments Made Upon Involuntary Termination of Employment without Cause or for Good Reason, Death or Disability

In the event of the termination of a named executive officer by the Company without cause or by the named executive officer for good reason, or upon the death or disability of a named executive officer, in addition to the benefits listed under the heading “Payments Made Upon Termination”, the named executive officer or his designated beneficiary upon his death will receive the following benefits:

- with respect to the named executive officers, payments for a specified period of either 24 or 36 months (the “Severance Period”) equal to 100% of the executive’s then-current base salary and (except for Mr. Bernstein) the most recent bonus paid to the executive (up to the amount of the executive’s target bonus under his employment agreement);
- with respect to the named executive officers, continued participation, at the Company’s expense, during the Severance Period in all employee welfare and health benefit plans, including life insurance, health, medical, dental and disability plans which cover the executive and the executive’s eligible dependents (or, if such plans do not permit the executive and his eligible dependents to participate after his termination, the Company is required to pay an amount each quarter (not to exceed \$35,000 per year in the case of Messrs. Lampen, Kirkland and Bell) to keep them in the same economic position on an after-tax basis as if they had continued in such plans);
- with respect solely to Mr. Bernstein, a pro rata amount of any award under the Bonus Plan for which the performance period has not been completed based upon 100% of the target bonus amount for such period to the extent that Mr. Bernstein is terminated on or after July 1 of the applicable year and bonuses are otherwise paid to the management of Liggett for that year;
- acceleration of the vesting of his restricted shares upon death or disability; and
- with respect solely to Mr. Lorber, acceleration of the vesting of all outstanding equity awards.

Payments Made Upon a Change in Control

Howard M. Lorber

Mr. Lorber’s employment agreement has a change in control provision if his employment is terminated without cause or by the executive for good reason within two years of a change in control, Mr. Lorber will be entitled to receive the following severance benefits:

- a lump-sum cash payment equal to 2.99 times the sum of his base salary plus the last annual bonus earned by him up to 100% of base salary (including any deferred amount) for the performance period immediately preceding the date of termination;
- participation by Mr. Lorber and his eligible dependents in all welfare benefit plans in which they were participating on the date of termination until the earlier of (x) the end of the employment period under his employment agreement and (y) the date that he receives equivalent coverage and benefit under the plans and programs of a subsequent employer;
- continued participation at the Company’s expense for 36 months in life, disability, accident, health and medical insurance benefits substantially similar to those received by Mr. Lorber and his eligible dependents prior to such termination, subject to reduction if comparable benefits are actually received from a subsequent employer;
- full vesting of his outstanding equity awards;

- crediting of an additional period of three years plus any remaining term of his employment agreement as continuous service under the Supplemental Retirement Plan; and
- termination of certain restrictive covenants in his employment agreement, including covenants not to compete and non-solicitation covenants.

Richard J. Lampen, J. Bryant Kirkland III, Marc N. Bell and Ronald J. Bernstein

While their respective employment agreements do not contain any change of control provisions, in the event of the termination of Messrs. Lampen, Kirkland, Bell and Bernstein by the Company without cause or by the named executive officer for good reason upon a change of control, such named executive officers will receive the same severance benefits described in the previous section.

Definition of Change in Control

Pursuant to the employment agreement between the Company and Mr. Lorber, a “change in control” is deemed to occur if:

- a person unaffiliated with the Company acquires more than 40 percent control over its voting securities;
- the individuals who, as of January 1, 2006 are members of the Company’s board of directors (the “Incumbent Board”), cease to constitute at least two-thirds of the Incumbent Board; however, a newly-elected board member that was elected or nominated by two-thirds of the Incumbent Board shall be considered a member of the Incumbent Board;
- the Company’s stockholders approve a merger, consolidation or reorganization with an unrelated entity, unless the Company’s stockholders would own at least 51 percent of the voting power of the surviving entity; the individuals who were members of the Incumbent Board constitute at least a majority of the members of the board of directors of the surviving entity; and no person (other than one of the Company’s affiliates) has beneficial ownership of 40 percent or more of the combined voting power of the surviving entity’s then outstanding voting securities;
- the Company’s stockholders approve a plan of complete liquidation or dissolution of the Company; or
- the Company’s stockholders approve the sale or disposition of all or substantially all of the Company’s assets.

Definition of Termination for Cause

Under each of the employment agreements with Messrs. Lorber, Lampen, Kirkland and Bell, termination by the Company for “cause” is defined as:

- the executive being convicted of or entering a plea of nolo contendere with respect to a criminal offense constituting a felony;
- the executive committing in the performance of his duties under his employment agreement one or more acts or omissions constituting fraud, dishonesty or willful injury to the Company which results in a material adverse effect on the business, financial condition or results of operations of the Company;
- the executive committing one or more acts constituting gross neglect or willful misconduct which results in a material adverse effect on the business, financial condition or results of operations of the Company;
- the executive exposing the Company to criminal liability substantially and knowingly caused by the executive which results in a material adverse effect on the business, financial condition or results of operations of the Company; or
- the executive failing to substantially perform his duties under his employment agreement (excluding any failure to meet any performance targets or to raise capital or any failure as a result of an approved absence or any mental or physical impairment that could reasonably be expected to result in a disability), after written warning from the board specifying in reasonable detail the breach(es) complained of.

Under the employment agreement between Liggett and Mr. Bernstein, “cause” is defined as:

- a material breach by Mr. Bernstein of his duties and obligations under his employment agreement which breach is not remedied to the satisfaction of the board of directors of Liggett (“Liggett Board”), within 30 days after receipt by Mr. Bernstein of written notice of such breach from the Liggett Board;
- Mr. Bernstein’s conviction or indictment for a felony;
- an act or acts of personal dishonesty by Mr. Bernstein intended to result in personal enrichment of Mr. Bernstein at the expense of the Company or any of its affiliates or any other material breach or violation of Mr. Bernstein’s fiduciary duty owed to the Company or any of its affiliates;
- material violation of any Company or Liggett policy or the Company’s Code of Business Conduct and Ethics; or
- any grossly negligent act or omission or any willful and deliberate misconduct by Mr. Bernstein that results, or is likely to result, in material economic, or other harm, to the Company or any of its affiliates (other than any act or omission by Mr. Bernstein if it was taken or omitted to be done by Mr. Bernstein in good faith and with a reasonable belief that such action or omission was in the best interests of the Company).

Definition of Termination for Good Reason

Under each of the employment agreements with Messrs. Lorber, Lampen, Kirkland and Bell, termination by the executive for “good reason” is defined as:

- a material diminution of the executive’s duties and responsibilities provided in his employment agreement, including, without limitation, the failure to elect or re-elect the executive to his position (including with respect solely to Mr. Lorber, his position as a member of the board) or the removal of the executive from any such position;
- a reduction of the executive’s base salary or target bonus opportunity as a percentage of base salary or any other material breach of any material provision of his employment agreement by the Company;
- relocation of the executive’s office from the Miami (or with respect solely to Mr. Lorber, the Miami or New York City) metropolitan areas;
- the change in the executive’s reporting relationship from direct reporting to the board, in the case of Mr. Lorber, to the Executive Chairman and the Chief Executive Officer, in the case of Mr. Lampen, or to the Executive Chairman, Chief Executive Officer or the Executive Vice President, in the case of Messrs. Kirkland and Bell; or
- the failure of a successor to all or substantially all of the Company’s business or assets to promptly assume and continue his employment agreement obligations whether contractually or as a matter of law, within 15 days of such transaction.

Under the employment agreement with Mr. Bernstein, “good reason” exists if, without the prior written consent of Mr. Bernstein:

- the Liggett board removes Mr. Bernstein as President and Chief Executive Officer of Liggett, other than in connection with the termination of his employment;
- Mr. Bernstein is not appointed as a member of the Liggett board;
- the Liggett board reduces Mr. Bernstein’s rate of salary or bonus opportunity or materially reduces Mr. Bernstein’s welfare, perquisites or other benefits described in his employment agreement;
- Mr. Bernstein’s duties and responsibilities at Liggett are significantly diminished or there are assigned to him duties and responsibilities materially inconsistent with his position;
- Liggett fails to obtain a written agreement reasonably satisfactory to Mr. Bernstein from any successor of the Company to assume and perform his employment agreement; or

- there occurs a change of control and Mr. Bernstein is required to relocate more than 50 miles from Mr. Bernstein's current work location.

Assumptions Regarding Post Termination Payment Tables

The following tables were prepared as though each named executive officer's employment was terminated on December 31, 2009 (the last business day of 2009) using the closing price of the Company's Common Stock as of that day (\$14.00). The amounts under the columns which reflect a Change in Control assume that a change in control occurred on December 31, 2009. However, the executives' employment was not terminated on December 31, 2009 and a change in control did not occur on that date. There can be no assurance that a termination of employment, a change in control or both would produce the same or similar results as those described if either or both of them occur on any other date or at any other price, or if any assumption is not correct in fact.

Tax Gross-Up Assumptions

- Mr. Lorber was assumed to be subject to the maximum federal and state income and other payroll taxes, including excise taxes, aggregating to a net combined effective tax of approximately 62%, when calculating his excise tax gross-up.
- Calculations for any tax gross-up are based on Mr. Lorber's taxable wages (Form W-2, Box 1) for the years 2004 through 2008.
- No other named executive officer is entitled to an excise tax gross-up under the terms of his employment agreement.

Equity-Based Assumptions

- Stock options held by Messrs. Lorber, Lampen, Kirkland and Bell would have vested on December 31, 2009 with respect to a change in control or termination by him on death or disability.
- No other named executive officer held unvested options at that date.
- Stock options that become vested due to a change in control are valued based on their "spread" (i.e., the difference between the stock's fair market value and the exercise price).
- It is possible that IRS rules would require these items to be valued using a valuation method such as the Black-Scholes model if they continued after a change in control. Using a Black-Scholes value in lieu of the "spread" would cause higher value for excise taxes and the related tax gross-up payment.
- Restricted stock held by Mr. Lorber would have vested on December 31, 2009 in the event of respect to a change of control, or termination by Mr. Lorber on death or disability.

Incentive Plan Assumptions

- All amounts under the Bonus Plan were deemed to have been earned for 2009 in full based on actual performance and are not treated as subject to the excise tax upon a change in control.

Retirement Benefit Assumptions

- All benefits were assumed to be payable in a single lump sum at the participant's earliest retirement-eligible date.
- For Mr. Lorber, the present value of the additional service credit for retirement benefits of three additional years is already included in the present value of accumulated benefit disclosed in the Pension Benefits table on page 19.

- annual cash retainer fee of \$50,000 (increased from \$35,000, effective January 1, 2010);
